SACNAS Board Giving Policy

Fundraising is a major part of a board member's responsibility. This statement acknowledges that each board member should make a financial donation to the organization and participate in fundraising efforts where it is appropriate. Board members would be expected to prioritize SACNAS within their own giving activities.

Each board member should donate a minimum of \$900 annually. Donations may be made through one or a combination of the following activities:

1. Direct donation(s) to the SACNAS organization.
2. Paying for a SACNAS Life Membership for a colleague.
3. Paying or securing funding for flights, registration and/or lodging at the annual conference or in-person board meeting(s).
4. Paying or securing funding to support other board of director related activities.

Board members who are lacking the means to raise the minimum annual donation should work with the Board President and Executive Director for a waiver of the annual donation requirement or reduction in the amount to give.

Graduate student and COSA members

Graduate student board members are required to donate at least \$50 payable through the above donation methods. COSA members are exempt from the donation requirement.

Timeline of board giving: Annual donations are due by December 31st. At the February in-person board meeting, the Board President will announce the total amount of board giving and the percentage of members who donated at this time.

Unless specifically ordered and voted upon by the board, the use of the board donated funds will be at the discretion of the Executive Director within the confines of the board approved budget.
