

# SACNAS CAREERCON

April 22nd - 24th, 2025

## SACNAS' premier, digital recruitment event

Our industry and government partners will gain:

- Access and connection to SACNAS members with diverse talent
- Opportunity for recruitment & hiring
- Opportunity to promote organization

SACNAS has spent over 50 years creating true belonging through the artful blend of science, culture, and community. Since 2022, we have extended that intentionality and commitment to the way we connect members with our industry and government partners - through our digital CareerCon event.

Through CareerCon, partners will **meaningfully connect** with SACNAS' membership of diverse talent, while engaging in **unique opportunities to recruit and hire** for their current, open internships & full-time positions.

*Our participation in the SACNAS CareerCon event has been critical in allowing us to connect with talent that have very specialized skill sets and PhD and master's education levels*

Wells Fargo Representative,  
CareerCon 2024 Partner
